The Black Hills ARC Annual meeting will be held on the 7th of September at noon at the Storybook Island Park.

SET is still planned for 4th of October, we will try to implement Gene's proposed plan.

Gene reported a successful Wyoming MS-150 Bike Trek that was held on the 16th and 17th of August. Comments and concerns as follows:

- No contact with Net Control when he was out of the vehicle.
- Radios should be in repair vehicles rather than SAG's.
- More portable rigs needed with Mag-mount antennas and portable batteries, so they can be deployed in the SAG's when needed.

The status of the State Link net was discussed. The State Link Net is still in need of Net Control Stations.

Net Controllers for the evening Weather Net are still needed along with relief Controllers for the present ones.

Starting in November the meetings will be held in Sturgis at the Fire Hall.
